

- 1) My family would be lost without K-Love's 24/7 broadcast! We listen to K-Love all day long and all evening @ work, home, in our cars, etc.
- 2) The effect of displacing K-Love by an LPFM broadcaster would be disastrous to our communities because the encouraging daily message of God's love for us would be extinguished.
- 3) We believe the good works and calm loving message sent out by K-Love over that airwaves is very much in the positive wholesome value based public interest of our community!
